RESEARCH PROFILE

I investigate the organizing principles underlying network structure and dynamics using statistical physics. My current work focuses on physical networks, network coarse-graining and scale invariance, and network diffusion and synchronization.

EDUCATION

- 2023–present PhD in Network Science, Central European University, Vienna, Austria.
Supervisors: Prof. Dr. Márton Pósfai and Prof. Dr. János Kertész
Thesis: “Dynamical processes on physical networks” (tentative).
- Jun–Jul 2026 Visiting Student, Department of Physics, Northeastern University, Boston, USA.
Host PI: Prof. Dr. Albert-László Barabási
- 2022–2023 MSc in Mathematics, Queen Mary University of London, London, UK.
Supervisor: Prof. Dr. Ginestra Bianconi
Thesis: “Modelling higher-order network dynamics in the presence of triadic interactions.”
- 2019–2020 Exchange Student, Department of Physics, ETH Zürich, Zürich, Switzerland.
- 2017–2022 BEng in Applied Physics, Hokkaido University, Sapporo, Japan.
Supervisor: Prof. Dr. Kousuke Yakubo
Thesis: “Bifractality of fractal scale-free networks.”

FELLOWSHIPS, SCHOLARSHIPS, AND GRANTS

- 2026 AccelNet-MultiNet Fellowship, National Science Foundation. (\$4,000)
Research visit award at the Center for Complex Networks Research, Northeastern University.
- 2022–2023 ITO Scholarship for Japanese Students, ITO Foundation. (~\$50,000)
Tuition support, monthly stipend, and travel allowance for the MSc program at QMUL.
- 2019–2020 Scholarship for Study Abroad, Japan Student Services Organization. (~\$5,000)
Stipend for the exchange program at ETH Zürich.

AWARDS AND HONORS

2025	First-Year PhD Award, Central European University.
2023	Principal's Prize, Queen Mary University of London.
2022	Dean's Award for Academic Achievement, Hokkaido University.
2021	Poster Award, Network Science Seminar 2021, Kanazawa, Japan.
2019	Lane Memorial Award, Hokkaido University.
2018	Nitobe Award, Hokkaido University.

TEACHING

2024–2026	Teaching Assistant, Central European University. Scientific Python (graduate); Introduction to Linear Algebra (undergraduate).
2021–2023	Teaching Assistant, Hokkaido University. Statistical Mechanics I; Applied Mathematics II; Computational Science; Introduction to Statistics.

ACADEMIC SERVICE

2025–present	Ad hoc reviewer, <i>Nature Communications</i> ; <i>Journal of Complex Networks</i> ; <i>Network Science</i> ; <i>Transactions of the Japanese Society for Artificial Intelligence</i> .
2025–present	Organizer, Japanese Researcher Network in Austria.
2025–2026	Organizer, Physical Networks IV Satellite, NetSci2026, Boston, USA.
2024–2025	Organizer, Physical Networks III Satellite, NetSci2025, Maastricht, Netherlands.
2024–2025	Organizer, Data Stories 11th Edition, Department of Network and Data Science, Central European University.

MEMBERSHIPS

2026–present	American Physical Society.
2024–present	Austrian Physical Society.
2023–present	Network Science Society.
2020–present	Physical Society of Japan.

SKILLS

Languages	Japanese (native), English (fluent), German (basic).
Programming	Python, C++, Julia, Fortran.
Software	Linux, Git, L ^A T _E X, Mathematica.
